De rol van de leraar zal veranderen.

Chatbot teacher

The chatbot teacher supports the Pandora brain by teaching knowledge and provide AIML scripts

Discussion partner

For this there are discussion partners overseeing the full knowledge within the knowledge domain and provide additional knowledge and support to the Pandora chatbot.

The role of the teacher will change

HUMAN BRAIN	KNOWLEDGE
On the customer side webeditors have their communication messages into a website.	
The human thought proces has resulted in text, to be digested by website visitors	

Brein Kennis

PANDORA BRAIN	HUMAN BRAIN
Pandora chatbot converse with the Semanta knowledge trough generated AIML scripts and manually moderated Q&A.	The human thought proces has resulted in utterances to be understood by the Pandora chatbot and discussion partner.
